## Coleman High School Grads Feted At Banquet

Last Friday evening in the Elks hall the graduating class of 1957 were feted at the annual banquet sponsored by the Student Union and the School Board. The gowns of the young ladies added glamour to festive atmosphere.

The young men were not to be outshone, as their short speeches would have put many politicians to shame.

To open the lovely banquet Mrs. G. Cousins said Grace. The toast to the queen was given by Lorna Dancione. The welcome from the Students Union was given by Walt Tymchyna.

William Urwin, jr., very ably toasted the staff of the Coleman schools.

Responding to the staff toast Mr. H. Allen, principal of the Coleman schools, gave a brief and comprehensive speech regarding the fine students that our schools have turned out through the years.

Donald Woods gave the toast to the School Board with Mr. Steve Mraz, chairman of the board, responding. To the parents, Margaret

McDonald was outstanding in her toast, with her father responding on behalf of the parents.

Miss Gall Vincent, Valedictorian, very ably handled this high position and must be congratulated on the fine way she conducted this part of the program.

Mr. D. Hoyle, as guest speaker, addressed the students. Mr. Hoyle, now retired, was a former principal of the Coleman school. Responding to Mr. Hoyle was Miss Gall Murdoch.

The 1957 grads were as follows: Pearl Ballak, Sandra Chalmers, Lorna Dancione, Leah Jones, Marion Knox, Pat Kijanion, Margaret McDonald, Gall Murdoch, Sheila Penney, Doreen Siska, Gall Vincent, Helen Wavreican, David Gentile, Philip Nowasad, Walter Tymchyna, Bill Urwin, Donald Woods and Milan Vrskovsky.

Following the banquet the gathering adjourned to the school auditorium where a program and a dance were held. The banquet was catered by the ladies of the Royal Purple.

## Calgary Highlanders Hold Reunion

A very enjoyable evening was held at the home of Mr. and Mrs. C. Milvain at their ranch north of Fort Macleod for the reunion of the Calgary Highlanders which was sponsored by the Lethbridge and Calgary Highlanders Assn.

A large cake was donated by Mr. and Mrs. Milvain and bearing the birthday greetings to the Highlanders, was cut by Captain J. Pratt, who in a few words, recalled some happy memories of wartime years to those present.

Pictures were taken to commemorate this event.

War-time songs were sung and dancing rounded out a very enjoyable evening.

Among the guests present were those from Calgary, Lethbridge, Blairmore and Coleman.

These included:

Mr. and Mrs. C. Milvain, Mr. and Mrs. M. Drew, Mr. and Mrs. J. Pratt, Mr. S. Favero, D. Tourand, T. Price, T. Cole, J. Duncan, G. Dewar, J. Downey, G. Anderson, J. Smithson, D. Kennedy, Mr. and Mrs. R. Baird, Mr. and Mrs. R. Little, Mr. and Mrs. F. Coccoiano, Mr. and Mrs. N. Cyko, Mr. and Mrs. B. Langille and J. Grey.

The Association will hold a barbecue and picnic on June 16th at the Milvain ranch.

## More than half fatal auto accidents occur at night

Afraid of the dark? You need not be afraid, of course, the National Safety Council says. But the Council adds that it's wise to have a healthy respect for the dark if you are driving a car.

In 1955 more than half of the 38,300 fatal traffic accidents occurred at night—and during the Christmas holidays, which the Council says are the most deadly time of the year, 75 per cent of the fatal accidents happened during the dark hours of 5 p.m. and 7 a.m.

A "Back the Attack" campaign, inaugurated because of the emergency traffic situation, seeks to encourage speeded-up enforcement by public officials, and to stimulate acceptance of enforcement by citizens.

"Drive safely yourself," said Ned H. Dearborn, Council president, "and prevent the one accident you can control—the one that involves you."

The council offers the following suggestions to help reduce night driving accidents:

1. Slow down. Don't regulate your speed by posted limits alone. Remember, speed must be governed by conditions, and darkness is a condition that calls for caution.

2. Have your car checked frequently. In darkness, immediate response of the vehicle is a must. Double-check all lights.

3. Be alert. Keep a constant watch for pedestrians and for vehicles with dim lights and no light at all.

4. Don't wear tinted glasses at night. The advantage they offer in reducing glare is more than offset by the dangerously reduced vision.

5. Use headlights properly. Use upper beam only on rural highways when no oncoming car is within 1,000 feet. Use lower beam when oncoming cars approach, when you are overtaking another car, and when driving in cities and residential areas.

6. Dim your lights, even though an oncoming driver fails to dim his. Trying to get even by blinding him is risking your neck. Maintain control of your car by looking at the right shoulder of the highway.

7. Be sure your lights are on before you pull onto a lighted street at night.

8. Never stop on the travelled portion of a roadway at night. If you must stop, pull completely off the roadway, leaving parking and dome lights on. Carry flares for use in emergencies.

As meat eaters, Canadians are in the big league. In 1955 they consumed 145 pounds of meat per person, so much, in fact, that Canada's cattle export market has just about vanished.

During 1957 and 1958 Canadian

industry's need for engineers is expected to increase at an average annual rate of 11.4 per cent.

## Death Removes Coleman Woman

Emily Gabisaki, 45, died in the Crow's Nest Pass Municipal Hospital Monday. Mrs. Gabisaki was born in Trisilia, Lithuania, June 12, 1912. She completed her schooling in Lithuania and completed five years college in 1929. During her life in Europe she was in various vocations working in a bank in Russia for one year and in Berlin for a short time in 1943. She also worked for the Red Cross for three years while the country was under the French occupation army. She came to Canada in 1948 and after spending four months in Montreal came to Coleman where she resided until the time of her death. She was pre-deceased by both her parents and by a young son, Frank, six years ago.

Surviving are her husband Walter in Coleman and a brother in Australia.

Requiem High Mass was celebrated from the Holy Ghost Catholic Church in Coleman at 9 a.m. Thursday and interment followed in the Coleman Holy Ghost Cemetery. The Rev. Denis Fleming officiated.

## Juveniles Plague Local Resident

Last week it was brought to the attention of The Journal that teenagers were plaguing a local resident, Mrs. T. B. Smith by roaming around her home that was badly damaged by fire this spring.

Mrs. Smith has warned these young people on numerous occasions about the dangerous condition of these premises and to no avail.

Mrs. Smith stated to The Journal that she is very much afraid that if the young people do not stop roaming in and out of this property that some one will be seriously injured. She stated further that if they do not quit this practice she will be forced to prosecute.

We quite agree that this is a very dangerous practice for the youngsters, and further there should be no necessity for a home owner to have to contend with this problem.

So, come on, you young people, respect this lady's request and stay away from this property.

## Legion Bingo

The Legion held another regular bingo on Friday evening. However, no one was successful in winning the \$25 jackpot, so this will be \$30 at the next bingo.

Mrs. R. Parry won the jackpot consolation.

Other winners for the evening were:

Mr. V. Belik, O. Sudworth, Mrs. Melino, Trall, B. C.; J. Anderson, J. Kostelnik, Mrs. E. Hill, N. Sclar, Bellevue; Mrs. T. Korman, two prizes.

Consolations went to Mrs. J. Bellish and D. Sudworth.

## Hon. Lester Pearson Speaks on Pass Coal

Aside from the cities, High River has been one of the most spoken to centres in the federal election when it comes to the top echelon speakers.

John Diefenbaker came in March to the Macleod Conservative nomination convention, when Dr. L. E. Kindt was named Conservative candidate.

Hon. Lester B. Pearson spoke on Saturday night at the High River Centre and Premier Manning is expected soon.

Hon. J. G. Gardiner opened the Liberal campaign at Fort Macleod where Gordon Burton was named several months ago and Hon. Geo. Prudham is expected in the Crows Nest.

High River has drawn more than half the speakers, on top of holding a District 12 FUA panel and a High River local FUA panel for political candidates.

The Saturday night meeting drew about 500, the caretaker reports and while mostly from High River and district, there were people from all over the northern and central part of the constituency to hear Mr. Pearson speak briefly on the wheat surplus, give a plug for coal powered electric plant in the Crows Nest and then tell about Canada's position in world affairs.

The Crows Nest Pass had only half a dozen people at the meeting and Mr. Pearson's comment on the potential of the Pass would have been cheering to that section of the constituency which is seeing its coal markets disappear and mines close down.

Gordon Burton, Liberal candidate, made a slight misstep when he introduced Mr. Pearson as having been born in Toronto. Mr. Pearson corrected this by saying "I was born in a small village five miles outside of Toronto but such is the development of that city in Canada's growth that my town is now practically in the middle of Toronto." This led Mr. Pearson smoothly into a brief description of the advances Canada has made and then into her place in world affairs.

"Mr. Burton complimented me when he calls me Mr. Canada, like being the average Canadian." He went on to discuss the charges that parliamentary government is in danger. "So long as parliament is the result of the decision of the electorate, parliamentary government is in no danger. It is when people fail to exercise their rights to vote that parliament is in danger, and it comes from indifference."

He took a short time to point out that there are two national parties and that splinter group set up the kind of system found in some European countries where "government is conducted by group and concessions, deals and compromises, by coalitions and log-rolling."

Speaking of the Suez question he said that action was taken so quickly and without any warning

Remington  
Portable  
Typewriters

that Canada for a brief time was at odds with the mother country, but that Canada did not condemn though it regretted the action since it did not think the results could be achieved.

"I wish that there might have been consultation. If we are accused of voting with Soviet Russia remember it was with 67 other countries and when Canada's resolution on a UN emergency force came up recall how the vote went." He went on to say "We are back together again and Prime Minister Harold McMillan disposed of the matter a few days ago in his speech."

Talking of Canada's future Mr. Pearson said "There is no country in the world that has as bright a future as Canada" but he reminded the audience of the dangers inherent in world affairs. "But in the event of atomic war no country has a future."

It was sombre note on which to close and most impressed were the young people who made up about a quarter of the audience. Most of these were not voters but some admitted that they were picking up their current events first hand. It has been noted that High River meetings have brought out a considerable number of young people between 17 and 25 in the past year.

## Work starts on \$1 million power plant in Alberta

Work on the one million dollar power plant at Sturgeon Lake is under way in Alberta according to officials of the Canadian Utilities.

Pouring of the concrete slab floor started recently. It was also stated that structural steel for the building would be rising soon.

The powerhouse, with a capacity of 10,000 kilowatts is expected to be completed and in service by November.

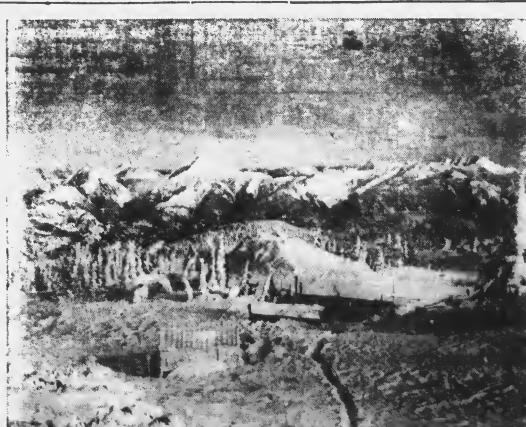

The firm had also recently completed construction of a line from Fairmont to Grande Prairie, Alberta. No other extensive building was planned for this year.

Company crews are presently clearing for a power line from Slave Lake to Canyon Creek, said the official.

This follows up acquisition last fall of the properties of Slave Lake Utilities. New line, to be tied into the Grande Prairie transmission system later this year, will serve communities of Slave Lake, Wildwater and Canyon Creek.

Smith utilities plant has also been taken over by Canadian Utilities and concessions, deals and compromises, by coalitions and log-rolling."

Canadian Red Cross representatives have been serving in Austria since November 1st, within a week of the Hungarian disturbances.

• The exposed summit of Dog Mountain, 4900-feet above sea level near Hope, B. C., offers little comfort for hardy workmen building a spectacular \$250,000 aerial tramway. The 11,700-foot tramway will serve a B. C. Telephone Company microwave relay station, one of 137 across Canada sited to carry long distance telephone calls and live TV programs coast-to-coast. Ten of the 13 sites in B. C. are located on mountain ridges, making the western portion of the 3800-mile Canada-wide route the most difficult to construct.—Photo by Jack Lindsay.

## SPRAY YOUR GARDEN WITH GREATER CARE

Horticulturists in the prairie provinces are becoming very much concerned about the injury done to horticultural plants and crops due to the increasing, and sometimes careless, use of selective, high-volatile weed-killers such as 2,4-D.

At the last annual meeting of the Western Canadian Society for

Horticulture, a special committee, which was set up a year ago to study this matter and determine its seriousness, reported substantial damage to ornamentals, vegetables, crops and fruits.

The Sudbeycock chairman of the committee, and vegetable specialist for the Manitoba Department of Agriculture, reported the results of a recent survey conducted among horticultural scientists in both Canada and the United States. From this survey, it was reported that selective herbicides have caused widespread damage, and that 2,4-D and related compounds rank higher than any others on the list of dangerous materials.

"It is gratifying to note, however," said Mr. Sanderson, "that no one has indicated that 2,4-D cannot be used with complete safety near ornamental plants, provided due consideration is given to the formula used and the method of application."

According to the committee's report, in southern Alberta damage to field and homestead shelterbelts has caused considerable concern. In North Dakota, forestry officials are considering the elimination of the Manitoba maple, which hitherto has been an important shelterbelt species. Several years ago a survey made of the important truck gardening area in the vicinity of Winnipeg, involving thousands of acres, revealed that there was scarcely a fully healthy tomato plant in the entire area.

Quoting from the report, Mr. Sanderson said, "The economic importance of chemical weed control is fully recognized. It is also quite evident, however, that the more widely chemicals are used for this purpose, the more serious the damage to agricultural crops becomes. It is obvious that a great deal of the damage is wind-borne, and it is not generally realized how far away the particles of the chemicals borne can be carried by the wind and cause damage. The use of airplanes for custom spraying, which is now becoming quite common, is undoubtedly a contributing factor also. In the long run, one of the most important factors involved is the very large number of home gardens scattered all over the prairies on farms, and in villages, towns and cities. For example, Edmonton Park officials estimated that more than 24,000 bottles of weed-control material were purchased last year by the city's 40,000 home owners. Home gardeners themselves can do much damage if they are not very careful in the application of herbicides."

It was pointed out that several states — Arkansas, California, Idaho, Louisiana, Mississippi, Oregon and Texas have already passed legislation against more highly volatile forms of 2,4-D.

The committee concluded that "in view of the mounting quantity of evidence against herbicides in the volatile form, and the indiscriminate application of other forms causing spray drift to sensitive crops, it would appear that the time is long overdue for the adoption of some method that would prevent further damage in the future."

The committee concluded that "in view of the mounting quantity of evidence against herbicides in the volatile form, and the indiscriminate application of other forms causing spray drift to sensitive crops, it would appear that the time is long overdue for the adoption of some method that would prevent further damage in the future."

**'Run-Away' car on Crescent damages five vehicles**

Late Friday afternoon, a car got out of control from in front of Modern Grocerie and came to stop near Whitefield's Drug Store on the Crescent when it smashed into Dr. A. M. Grant's new car. Five vehicles were involved in the hectic few minutes but fortunately one man was injured — The Plaindealer, Sours, Man.—March 27/57.

Constantine the Great was the first Christian emperor of Rome

which are then filled with colorful figures. Painting these colorful little figures is fun for the whole family. The finished novelties make amusing gifts. Pattern 876 is \$3.50. It is included in the Jig-Saw Packet which contains a wide variety of useful things to make. Price of the packet is \$1.50 postpaid.

### Bird bath

A cement birth bath may be made with a mould constructed of lath and lumber. Pattern 227, which shows each step and gives concrete designs, will be mailed

for 35c. If you do not have your spring bird house make a Birth Bath Pattern Pack of 10 different designs also is available. Price \$1.50.

**\$50,000 FIRE**—Flames which can be seen above pouring out the windows of the New Norway Hotel completely destroyed the \$50,000 structure early Wednesday morning. First discovered about 5 a.m., the fire had gutted the building by 7 o'clock. Volunteer fire fighters from New Norway were able to stop the spread of the blaze to other buildings, though powerless to halt the fierce fire. —Canadian News photo

### Local plant to shuttle milk to Shaunavon

The \$60,000 fire that razed the Saskatchewan Co-Operative Creamery plant at Shaunavon Sunday afternoon will cause a good deal of inconvenience to the company, but it will not disrupt the supply of milk and milk products to Shaunavon households. Service will be maintained through co-operation of the company's Swift Current plant.

Local manager, Fred Hawkins told the Sun Monday that Shaunavon district shippers will send their raw milk supplies here, where it will be processed. A shuttle service will be maintained between here and Shaunavon to provide people there with milk and milk products.

Some news releases after the fire hinted that the Swift Current plant might have its local milk service affected as a consequence; but this is not the case, Mr. Hawkins asserted. "As a matter of fact," he said, "the local plant is going to use, cover and set in a warm place for an hour. Fish out the garlic into the vinegar you are going to use, cover and set in a warm place for an hour. Fish out the garlic with a fork, and discard, then proceed with making your dressing."

### Helpful Hints

To prevent potatoes from being watery after boiling them, use a mealy type of potato. After boiling, drain thoroughly, then shake the pan uncovered over the stove burner to allow moisture to evaporate.

To apply gilding to collars, cuffs or any small part of a garment that you want extra stiff, use a new small paint brush and apply liquid starch to the areas to be treated.

Instead of rubbing garlic into your salad bowl, try this method. Peel a fat clove of garlic and cut it delicately in two. Then pop the halves into the vinegar you are going to use, cover and set in a warm place for an hour. Fish out the garlic with a fork, and discard, then proceed with making your dressing.

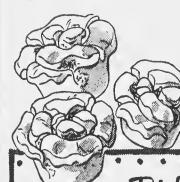

It's amazing how many housewives have trouble with oil in a salad. Put freshly washed spinach leaves in your salad bowl, then toss with French dressing sparked with a few dashes of soy sauce.

You can make left over gravy to the right consistency (about that of thick dough) by adding a small amount of linseed oil. And if you place wax paper over the gravy in the container, it will help prevent the oils in the gravy drying out.

Toast a half cup of silvered blanched almonds in a couple of tablespoons of butter in a small skillet. Good over practically any cooked green vegetable or cream style cottage cheese.

A person's skin lives five days after death.

### Decorative and delicious

As dainty and decorative a treat as you can make to grace a table... and so delicious, too! Use Fleischmann's Active Dry Yeast for all your home baking... you'll find it easy to work with and so dependable!

Needs no  
Refrigeration

## Western seeding intentions

The March 1st 'Seeding Intentions' of Western Canadian farmers published by the Dominion Bureau of Statistics, contained few surprises. The general trend seems to be in the direction of special crops and those which are relatively free of quota restrictions. Thus we find that the intended acreage of Durum wheat may be increased as much as 50 percent over last year. No small part of this increase is expected to be in Manitoba where a considerable acreage may be planted this year to the new rust resistant variety Ramsey. Large as the flax seed acreage was last year it is likely to be even larger in 1957, an increase of nearly 16 percent being expected for this year. Barley acreage too, is expected to increase about 12 percent over that of last year and most of that will be of the malt variety which will be eligible for over the quota delivery by carlot.

It is rather surprising to read of the large increase anticipated in the rapeseed acreage in Western Canada. This may amount to as much as 70 percent and some authorities are expecting that it may go even higher. Such an acreage would give a very large quantity of rapeseed, even on an average yield per acre and although there has been an expanding market for rapeseed in recent years, the market is still limited. This might be very easy to over-produce this special crop particularly if the season is a favorable one.

Of the remaining crops, the acreage of oats is expected to be relatively unchanged while that for spring wheat, excepting Durum, may be increased by as much as 12 percent. One must always remember with 'Intentions to seed', however, that all these figures represent farmers' thinking as at March 1st and that a good many things may happen, and sometimes do, to move farmers' "off" their seeding plans. —The Herald, Spiritwood, Sask.—April 5, 1957.

### BOARD OF TRADE MEMBERSHIP UP

Thirty membership applications already received in the drive headed by Vice-President R. L. "Bob" Fletcher were accepted at the monthly meeting of Mission City and District Board of Trade Tuesday night.

Ten of the new members were present and welcomed to the organization by President Percy Buckle.

Mr. Fletcher reported the drive 90 percent completed in the outlying areas and 50 percent completed in the city. He anticipates it will produce at least 100 new members. Additional revenue resulting from the drive exceeded \$400 he said.—The Fraser Valley Record, Mission City, B.C.—April 10, 1957.

**Wardrobe magic!**

4767 2-10

by Anna Adams

Four-Way Wardrobe! Keep her well-dressed all summer. Mother's Midriff-top, shorts, skirt—and a shirt that doubles as a jacket! All easy sewing for you! Choose sturdy cotton for the playing, quick-washing easy ironing.

Pattern 4767—Children's Size, 2, 4, 6, 8, 10. Size 6 bra, skirt, 1½ yards, 35-inch fabric; shirt, 1½ yards; shorts, 3 yards.

This pattern easy to use, simple to sew—it's tested for you! Has complete illustrations and instructions.

Sent forty cents (40¢) in coin (stamps cannot be accepted) for this pattern. Write plainly. Size Name, Address and Style Number and send orders to:

Anne Adams Pattern Dept., Department P.P.L., 60 Front Street, W., Toronto

Be sure to write plainly your Name, Address, and Pattern Number.

**Judges praise festival**

With a record number of entries, Humboldt's 20th annual Music Festival received high praise from both Mrs. Frances Adaskin and Mr. Lyell Gustin, the adjudicators. The Festival attracted a total of 173 entries from all parts of the district.

Mrs. Adaskin, who judged the vocal classes, was particularly impressed with the work of the choirs and choruses. —The Journal, Humboldt, Sask.—April 11, 1957.

**Another springtime pest**

(The Press, Acton, Ont.)

It seems that the Railway Association of Canada is making its annual enquiry of municipal councils regarding the duration of daylight saving time. According to this association the majority of the communities in Ontario and Quebec are in favor of extending the period of daylight saving. The proposal now is October 27 instead of the present September date.

We don't know who appoints the Railway Association of Canada or who they represent. About the only time we hear of them is in reference to daylight saving time. If they are associated with the railway they have a job to do in convincing those organizations to co-operate and schedule trains with the present hours generally accepted for daylight saving. The biggest confusion right now in daylight saving time is the refusal of the railways to make their schedule conform and to continue to operate on standard time from late April to the last of September.

Until this is done municipalities might well tell the Railway Association to mind its own business. We've been over the argument for and against daylight saving so many times that repetition is senseless. The April to September hours are now fairly well established. Let's leave them alone and abolish the Railway Association of Canada.

Please don't write to this editor asking who this association is. We don't know but we are agin' them anyway and agin' this new proposal for extension of time, too. There are so many things of greater importance these days and already so much confusion from Egypt and elsewhere.

**Most Albertans willing to be insulted by \$22.00**

(The Canadian, Camrose, Alberta)

There were several factors in the new Alberta budget, brought down by the Provincial Treasurer, Hon. Mr. Hinman, that could have been pounced upon for criticism by the political opponents, but that \$22.00 direct dividend cheque was not one of them. Even there it is very evident that the idea embraces a good deal of political expediency . . . but it's might potent' expediency. Had the dividend come out of general taxation revenues we would have laid into the ethics of the move ourselves, but this money is direct oil royalty money—money derived from natural resources, more or less a legacy. Our only criticism is that the dividend was not set at a higher figure, say \$50 per adult. Thus Alberta is doing something no other province in Canada has ever been able to do . . . directly distribute some fruits of the natural resources to the people. Most people will welcome the chance to spend this money as they see fit. It would have lacked its halo if it had been distributed through the medium of social services.

**Family favorite**

7038

by Alice Brooks

Follow the easy chart, for this smart new set! A pair of horses in filet-crochet makes a handsome decoration for chairs, buffet.

Family-favorite design—and one you're sure to enjoy working on! Pattern 7038 has chart, directions for set, and a sketch of the finished article.

To obtain this pattern send thirty-five cents in coins (stamps cannot be accepted) to:

**LAWS OF CHANCE**

Sympathy, rather than censure, should be extended to the special committee of Parliament that recently reported its recommendations for changes in the laws governing bingo games, lotteries, sweepstakes and other devices for distribution of money and other valuable prizes. The whole subject is so entangled with religion, prejudice differing views of morality, business interests and governmental finance that no recommendation could possibly please everybody. A compromise was the only solution and compromise usually pleases none.

Stern moralists, of whom Canada may possess more than her share in proportion to population, condemn all forms of gambling, not only abstaining from it themselves, but also desire to make others to conform to their views. Influential in their churches, they had resolutions passed and presented to the committee with the purpose of outlawing bingo games and lotteries.

On the other hand, members of the committee, as practical men, knew that they could not recommend the prohibition of bingo without offending members of other equally pow-

erful Christian sects, whose parochial funds are greatly increased by weekly bingo games in their parish halls. They also knew that members of church officially opposed to gambling will buy and sell tickets on raffles held under the auspices of church bazaars or service clubs. Their recommendation, if adopted, would do little to disturb existing customs, and if the law is tightened, it may be assumed that its enforcement will be no stricter than it has been in the past.

Seeing that Great Britain has adopted a form of lottery bond, some Canadians were hopeful that the committee might recommend some relaxation of Canadian anti-lottery laws.

No such luck!

The committee instead recommended measures to make it more difficult to sell Irish Sweepstakes tickets in this country and the confiscation of winnings of any Canadian who might be lucky enough to win a prize.

Since the profits of the Irish Sweepstakes go to the support of Irish hospitals, the committee's recommendation may be construed as uncharitable. Confiscation of Canadian winnings might be made legal, but would still be dishonest. The morality of the recommendation, made to please the anti-gambling moralists, is something for the higher casuists to argue.

Nothing appears to have been considered in the way of removing the anomalies connected with the betting on horse races. Apparently the principle remains established that betting away from race tracks is a harmful practice, while betting at the tracks where governments can take a sizable rake-off, is worthy of encouragement.—The Printed Word.

**Children with eczema can catch serious disease**

Children with eczema can contract a serious and sometimes fatal disease from playmates who have been vaccinated for smallpox, according to a report received by the Health League of Canada from Duke University Medical School.

Drs. Benjamin A. Johnson and Susan C. Does outlined steps for prevention of the disease, eczema vaccination. In a paper which won the Cooper Memorial Award for 1957.

Eczema vaccination, the Duke paediatricians explain, is a generalized spread of cowpox (the disease that produces a sore in an ordinary smallpox vaccination). This can happen when a person with eczema or other skin disease comes in contact with someone who has been vaccinated. Also, a vaccinated person with eczema can contract the disease from his own vaccination.

Terminating eczema vaccination a "faintheartable and preventable disease," the doctors offer these rules for its prevention:

1—A person with skin disease should not be vaccinated for smallpox.

2—A person who will be in close contact with anyone suffering from skin disease should not be vaccinated.

3—A vaccinated person should be considered a danger to anyone with skin disease until the scab has fallen from the vaccination site.

The doctors emphasized that eczema vaccination, although serious, is comparatively rare and that every normal child should receive smallpox vaccinations which

have virtually wiped out smallpox in the United States. There have been no cases in Canada since 1948.

Eight cases of the disease were found among 1230 North Carolina children with eczema who underwent treatment at Duke Hospital, they report.

This means that one out of every 150 eczematous children developed eczema vaccination. All of

these cases occurred in children under six years of age and one case was fatal. Adults can also contract this disease.

**Weekly Newspaper Good For Something**

We see Tom Hallwell still retains his sense of humor:

"A lady writing from a neighbouring province and who was residing here for many years, states that the names of people appearing in The Gazette, at least most of them, are unknown to her, —

whereas at one time she knew almost everyone who lived here. "Such are the changes which occur in all western towns."

"But," says the lady, "even if I do not know the people, I can always use the paper as a flyswatter." Which recalls the story of another subscriber who remarked that even after he read the paper, it still had further use, not only for papering the pantry shelves, but further use of it was made even to the bitter end, in the outside little hut in the back-yard of the farm-house.

—Macleod Gazette."

**Co-Operative Commonwealth Federation**

Only the Provincial Governments representing "splinter parties" pay supplemental allowances to the Old Age Pensioners.

Support the splinter that makes the Leaders of the Liberal, the Conservative and the Social Credit Parties squirm the most!

- Over the pipe-line hand-outs.
- Over the unfair 10% Federal Sales Tax.
- Over the confiscation of incomes and savings of all kinds of pensioners, and of those in receipt of family allowances, by allowing the cost of living to go up, and up, and up.

For the party that refuses all financial assistance from Big Business.

**Let's Face the Facts**

On Monday, May 13th, at the Educational Forum held in the Blairmore Elk's Hall, Dr. Gordon Burton, Liberal Candidate, stated that in the 1955-56 year the Federal Government had collected approximately \$7,500,000.00 in tariffs and had paid out approximately \$10,000,000.00 in subventions, leaving the impression that this money paid out in subventions had come to the West.

**HERE ARE THE FACTS:**

1. The Government collected \$7,500,000.00 in tariffs.
2. The Government paid out \$10,269,707.74 in subventions.
3. Alberta and British Columbia together received \$1,873,755.22 of the subventions paid and the balance \$8,395,952.52 went to Nova Scotia.
4. Since the start of subventions in 1924 Alberta and British Columbia have received \$24,800,000.00 and Nova Scotia approximately \$64,000,000.
5. In 1955 when there was a possibility of Nova Scotia coal reaching the British Markets an overnight "Order in Council" was passed authorizing up to \$2.50 per ton in subventions to get this coal into a competitive position.
6. The mines in the Pass are trying to get into the Japanese Markets. What help are they getting?
  - (a) There are no coal loading facilities on the Western Canadian Coast.
  - (b) Present subventions do not cover the cost of loading through the American Ports.

**The Progressive Conservative Party believes in and advocates:**

1. Loading facilities on the Western Canadian Coast financed by either governmental or private enterprise.
2. Additional subventions to put our coal into a competitive position on the Western Export Markets. Such subventions to remain in force as long as they are required.

### May Bride-Elect Honored at Shower

Tuesday evening some 100 ladies gathered in the Elks hall to honor Miss Joan Hirst, whose marriage to Steve Squarek took place Saturday, May 25th.

On entering the hall the bride-elect was presented with a beautiful corsage by Faye Tibergien, and escorted to the head table to the strains of the Wedding March played by Mrs. S. Penney.

The bride's mother, Mrs. P. Hirst and the groom's mother, Mrs. N. Squarek, the groom's grandmother, Mrs. D. Squarek and the bride's grandmother, Mrs. D. Sudworth, were also presented with corsages and escorted to the head table, which was centered with iliacs and bridal wreath flowers.

Whist and bingo were the entertainment features of the evening, with honors in whist going to Mrs. R. Parry, first; Mrs. K. Garner, second, and Mrs. N. Kyloz. The marked cup prize went to Mrs. A. McQuarrie.

Following a dainty lunch served by the hostesses, the bride-elect was presented with a number of beautiful and useful gifts. She was assisted in opening these by Faye Tibergien.

Among the gifts from those who donated were a chrome suite, TV lamp, toaster, coffee pot, roaster, salts and peppers, ornaments and many other beautiful and useful gifts.

The hostess gifts were, an ironing board and cover, pair of pillows and a dinner set.

Hostesses for the evening were: Mesdames C. Ford, H. Liddell, M. Moore, J. McGillivray, D. Poriz, C. Michalsky, P. De Groot, B. Osia-

wy, A. Wilson, B. Faureille, E. Sudworth, J. Cartwright, A. Penney, O. Sudworth, M. Faureille, A. Mickinski, J. MacDonald, P. Woytula, R. Campbell, M. D'Amico, J. Robukta, M. Vileen and Miss V. Tibergien.

Joan very ably thanked all for the lovely gifts and gave a special thanks to the hostesses.

### Aims, objectives United Nations Pilgrimage

The Pilgrimage project is conducted on the same high level that has characterized it in the past.

Co-operating organizations and U.N. offices continue to laud this project as the outstanding short term venture in international relationships for high school age students.

Careful selection by the participating jurisdictions has been a prime factor in maintaining the project at its high level. The resulting purposefulness of the delegates makes it possible to carry on the Pilgrimage with a marked degree of serious study and alert attention.

A distinctive feature of the program includes a visit to the headquarters of the delegations of the member nations of the U.N. In groups of from 10 to 15 they will be given the opportunity to learn from the ambassador himself, or some member of his staff about the economic, social, political and educational conditions of the country being visited and ask questions.

Besides the U.S.A. member nations, Belgium, Canada, Chile, China, Columbia, Denmark, In-

dia, Egypt, France, Greece, Indonesia, Iran, Iraq, Israel, Italy, Liberia, Netherlands, Norway, Pakistan, Panama, Peru, Poland, Russia, Sweden, Thailand, Turkey, Union of South Africa and Yugoslavia will be included.

These experiences will enable our young people to understand better the problems of other countries.

Another experience in international understanding on a more personal level will be a visit at International House where students of more than 60 countries live and study under one roof in harmony and where the motto is "That brotherhood may prevail".

### Card of Thanks

I would like to thank all those who helped to make my shower such a success. Special thanks to the hostesses, those who gave gifts and donations and those who sent gifts and donations but could not attend.

Mrs. S. Squarek,  
(neé Miss J. Hirst)

### Card of Thanks

I wish to thank all my friends who helped and assisted during my wife's recent illness. Special thanks are extended to the doctors, nurses and staff of the Cross Nest Pass Hospital. All of you have made my wife's sufferings much more bearable through your very kind attention. May she rest in peace.

W. GIBALSKI

### Be for

### BURTON

The Liberal Party has always been a good friend of labour. Through collective bargaining by the union of his choice, the working man has been able continually to improve his wages and working conditions.

At Vulcan the Social Credit candidate said that if he had been in power when the strike was called, he would have taken very serious steps. "The labor bosses have too much power," he said.

He was referring to the recent strike called by the Brotherhood of Locomotive Firemen and Enginemen.

*Are union men prepared to support a candidate who believes that their unions have too much power and should be repressed?*

*If not, VOTE BURTON ON JUNE 10.*

**BRAVE CHILLY WEATHER FOR PICNIC**—There's only one thing to do with the Spring, catch it while the going is good. Travellers above did that last week, pausing for snack at wayside table on south bank of Smoky River at Watino. Commanding majestic view, table will halt many visitors during summer months, who won't see the snow or feel wintery nip that prevailed the day this picture was taken.

**FAREWELL TO WINNIPEG**—Sorry to leave their regiments in Winnipeg but evidently quite happy at hearing of their new postings are the regimental sergeant-majors of the 1st and 2nd Regiments, Royal Canadian Dragoons. At left is R.S.M. Bevan, left above, of 2 RCHA has been posted as garrison sergeant-major at Camp Petawawa, Ontario. July 1, and R.S.M. H. L. Black, 1 RCHA will become garrison sergeant-major at headquarters Eastern Command on June 30. —Canadian Army photo

**EASTER BONNETS !!!**—Canadian soldiers on defence and supervisory duties in various countries have been adding distinctive national headress to their souvenirs collections. Above (1) Cpl. Gerry Fraser of Tweed, Ont., with the Canadian delegation at Saigon, Indochina, wears a native straw hat; (2) Cpl. Mike Polishak, Melville, Sask., with the U.N. Emergency Force at Abu Suweir, Egypt, tries on his new turban; (3) L Cpl. J. J. Parent, Longueuil, Que., with the Canadian Medical Detachment in Korea, tries on his "papa-sans" hat; (4) Pete John McLeod, Kitchener, Ont., with the Royal Canadian Regiment in Soest, Germany, models his hunter's hat with a large "Gamsbart" brush made from the whiskers of Alpine goats. —National Defence photos

## Extensive road work planned by Souris council

Providing the provincial government continues its usual aid to municipalities for road work, Souris town council Monday night decided to do extensive hardsurfacing and resurfacing this year. Souris town council at its regular meeting Monday night passed a balanced budget for 1957 with the tax rate remaining at 35 mills. The Plaindealer, Souris, Man. April 10, 1957.

## SOURIS RIVER RIGHTS TO BE TOPIC AT MEET

The International Commission of Water rights in the Souris river will be held at the semi-annual meeting of the International Joint Commission to be held in Washington in early April. The Plaindealer, Souris, Man. March 27, 1957. April 10, 1957.

## American school inspector lauds Canada-U.S. relations

Last Friday five members of the U.S. on their southern border, where differences were settled through warfare.

"As two nations we have a mutual understanding of each other," Mr. Loucks said. "We have the same language, same economy and live together on common ground."

Three Kiwanis Clubs in Montana are trying this arrangement with Swift Current, Regina and Moose Jaw. Their spokesman, Homer Loucks, Malta superintendent of schools, said that in the United States they have an exchange student arrangement on a higher level with colleges, which has proved highly beneficial.

Mr. Loucks referred to the fact that the Canada and the U.S. are identical neighbors, all international difficulties have been solved by sitting down and talking things over, to arrive at an amicable settlement. This has not been true with the

U.S. in his opinion, the greatest tragedy could be for the U.S. and Canada to have a serious misunderstanding and this bring a bad relationship broken. He believed that an exchange of high school students will help preserve this amicable status.

Mr. Loucks extended an invitation to Canadians to travel to Malta to celebrate International Friendship Days on Saturday, Sunday and Monday, May 18-19-20, the latter day being Canada's national holiday, Victoria Day.

He said Malta will be sending a caravan to Swift Current next month to advertise the event, highlighted with everything free, including pancakes and sausages. There will be an extensive program featuring the Malta Mustang Junior Band.

The visiting Kiwanians were introduced by R. H. McClelland, chairman of Swift Current's inter-club committee. They were Homer Loucks, superintendent of schools; Bert Schuler, president of Malta Kiwanis Club; Louis LaRoche, chairman of Malta's inter-club committee; Ernie Gilbertson, president of Malta Commercial Club (Chamber of Commerce), and Leonard Wylye.

Thanks from the club and guests were offered by Charles W. Warner, Swift Current. He received many inter-club visits with Malta, and especially between Malta's high school band and Swift Current boys' band. —The Sun, Swift Current, Sask.—April 10, 1957.

**C of C will build new rest room at Reston**

A decision to build a new Rest Room was made at the meeting of the Reston and District Chamber of Commerce, held in the Municipal Chambers on Tuesday night.—The Recorder, Reston, Man.—April 11, 1957.

Our new PRINTED Pattern, to brighten up your day! Sew these gay fashions now—sure to appeal for sun and fun. Carefree T-shirt with convertible neckline, slim shorts, favorite pedal pushers!

Printed on each pattern part. Easier, faster, accurate. Send forty cents (40¢) in coins (stamps also accepted) for the pattern. Write plainly Size, Name, Address and Style Number and send orders to:

These days most people work under strain so they need sleep less. That strain on body and brain makes physical fitness easier to lose—harder to regain. Today's tense living, lowered resistance, overwork, worry—any of these may affect normal kidney function when kidneys get tired of overstrain areas around kidneys remain in the system. Then headache, disturbed rest, that "tired-out" heavy-headed feeling often follows. That's the time to take Dodd's Kidney Pills. Dodd's is the kidney doctor's choice of kidney actives. Then you feel better—sleep better, work better. Ask for Dodd's Kidney Pills at any drug counter. 53

**Funny and  
Otherwise**

An Ozark hermit died recently when he wandered out of the woods and saw an auto for the first time. He didn't see it soon enough.

A merry party was going on in one of the rooms of a hotel when the festivities were interrupted by a guest who said, "Excuse me, I've been sent to ask you to make less noise. The guest in the next room says he can't read."

"Can't read?" replied the host. "Well, tell him he ought to be ashamed of himself. I could read when I was five."

The three salesmen wanted to discuss something at lunch but couldn't find an empty table. They sat at one where a little, elderly woman was eating. One says: "You know, boys, it's been three weeks since I've been able to get a bath." The other says: "I seen caught on quick and said: 'Yeah, it's been six weeks since I've had a bath.' And the third backs 'em up by saying: "Shucks, you guys are plain clean. I haven't had a bath since last August."

They waited to see what would happen. The little old woman finally piped up: "Will one of you stinkers please pass the salt?"

During a bad electrical storm a mother in Virginia thought her young son would be frightened, so she tiptoed into his room to comfort him. The boy opened his eyes and murmured, "What's the difference doing with the television set now?"

When a woman, indulging in rich canapés, commented that she must catch her whiskles, her friend purred, "And how lucky you are to have it right out there where you can."

**The good  
old days**

BACK IN 1937

Taken from the issue of the  
Champion, April 8, 1937.

The license for your radio expired last week. There's always something to take the joy out of life.

Rev. Ottley of Toronto has accepted the invitation to become rector of Trinity Anglican church, Streetwise.

Legal motor speeds are up, but pedestrians, no doubt, will be down as usual, if not more so.

The annual jamboree staged by Halton County Boy Scouts will be known as the "Oakville Jamboree" this year and will be held on the property of Harland Smith, about two miles northwest of Oakville, May 24.

Miss Mary Reid has been selected as representative of Milton high school in the group of high school students who are to attend the coronation. Miss Reid has been most successful in her matriculation examinations and has shown a splendid adaptability to all the subjects she has studied. She will remain in the system. Then headache, disturbed rest, that "tired-out" heavy-headed feeling often follows. That's the time to take Dodd's Kidney Pills. Dodd's is the kidney doctor's choice of kidney actives. Then you feel better—sleep better, work better. Ask for Dodd's Kidney Pills at any drug counter. 53

The Fergie News-Recorder, in recording the fact that the Palmerston Observer had been served notice of libel because of an article headed, "Allison boot-legger," failed to point out that he might have known that liquor advertising was prohibited in Ont.

Coming Friday and Saturday, April 16 and 17 at the Princess Theatre, George Brent and Beverly Roberts star in "God's Country and the Woman." Note: This feature is in natural color.

One of the amendments to municipal and school laws is that councils will have the power to establish a municipal employees' pension fund and to fix rates for employees. The scheme provides for contribution to the fund by employer and employee, the money to be under control of the Central Pensions Board. — The Canadian Champion, April 11, Canadian Champion, Milton, Ont., April 11, 1957.

Canadian Legion to run  
Soap Box Derby races

More than 100 members of Branch 57, Canadian Legion, B.E.S.L., including a large proportion of the older veterans, attended the general meeting last week when President Percy Buckle of Mission City and District Board of Trade requested that Branch 57 take charge of the running of the Soap Box Derby on July 1st.—Fraser Valley Record, Mission City, B.C.

(Sask. Valley News, Rossmere, Sask.—March 20, 1957)

**OPEN NEW SCHOOL AT DALMENY**—A. McCallum, Regina, deputy minister of education, cut the ribbon to officially open the new town school and was the principal speaker at the ceremony held in conjunction with the opening. Mr. McCallum reminded the audience that the assistance this community received for its new school came from the province and that there were other communities a short distance from here that had been less fortunate. He urged Dalmeny to share the responsibility of providing educa-

tional facilities in less fortunate centres. He paid tribute to the ratpayers for their sacrifices and noted that the new school not only served Dalmeny, but the surrounding district. Mr. McCallum said the school means many things. It gives teen-agers learned skills; at the same time they're learning knowledge. It must teach children to solve problems, many of which were many sided. It must be concerned with teaching the truth and also the Christian virtue of charity as truth could be cold and must be combined with charity.

**Traffic Board promotes  
Safe Driving Campaign**

As part of its continuous effort to reduce the number of motor vehicle accidents and fatalities occurring in Saskatchewan each year, the provincial Highway Traffic Board is presently participating in a "Know and Obey Traffic Laws" campaign in co-operation with the National Safety Council.

Traffic boards and committees throughout Canada and the United States are participating in the campaign.

Statistics released by the Saskatchewan Highway Traffic Board show that 10,471 highway accidents occurred in the province during 1956, a total of 106 of these accidents were fatal, taking the lives of 124 persons.

In addition to the fatalities, 3,373 injuries occurred, of which 2,233 were male and 1,130 female. The majority of the accidents occurred with other motor vehicles. Here a total of 6,212 were reported.

A further breakdown shows that 5,842 accidents occurred in daylight, 7,860 occurred when weather conditions were clear, 4,997 occurred when the road surface was dry, 8,313 occurred when road condition was good, and 4,477 occurred on paved highways.

December was the worst month of the year with a total of 1,247 accidents, and Saturday was the worst day of the year with 2,198 accidents occurring on that day.

The greatest number of accidents occurred in Regina with a total of 1,644, followed by Saskatchewan with 1,333 and Moose Jaw with 620.

"The reason for the campaign is to reduce these terrible statistics in 1957. The only solution is public pressure to encourage compliance by drivers and pedestrians to the traffic laws of the province," J. A. Christie, chairman of the board.

"Most drivers and pedestrians do not knowingly violate traffic laws, but the well intentioned but errant ones end up the small percentage of wilfully reckless or indifferent drivers in keeping traffic accident figures mounting."

Mr. Christie offered the following rules for safe driving:

1. Know and obey all traffic laws.
2. Drive at a speed that is safe for conditions.
3. Never drive after drinking.

**Wage hike realized  
by town workmen**

An increase of 15¢ in wages paid to labor employed by the Town of Morden received the approval of Council Monday night. The new rate will be 90¢ per hour compared with 75¢ paid last year, and priority will be given to men with the longest service to the Town when there is work to be done. The wage hike is retroactive to April 1st. The rate for trench work was raised from 90¢ to \$1.00.—The Times, Morden, Man.—April 10, 1957.
